

# DAC Consultancy, Jaipur

Jaipur, Rajasthan, India

DAC Consultancy is a consultancy which provides NAAC Consultancy, INC Consultancy, AICTE Consultancy services. Our quality management consultants provide consulting services to companies of all sizes and in all industries.

DAC Consultancy is a consultancy which provides NAAC Consultancy, INC Consultancy, AICTE Consultancy services. Our quality management consultants provide consulting services to companies of all sizes and in all industries. Our programs focus on establishing management systems that provide value to our clients and help them improve their systems on a regular basis.

We believe that the reason for being registered to an national Management System standard is to define, control, and improve your company. The marketing benefits are great, but if a company is not realizing internal benefits from registration, maintaining the systems will become burdensome and expensive. We focus on ensuring that our clients Management Systems serve them - not the standard they are registered to.

#### Our Mission

DAC Consultancy works with our clients to support their business activities around the world by managing their environmental and facilities needs, preparing them for all eventualities, and responding swiftly and effectively when emergencies occur. DAC Consultancy services adhere to the underlying principles of safety, flexibility, professionalism and cost effectiveness.

- NAAC Consultancy
- INC Consultancy
- AICTE Consultancy

#### Quality Standards

DAC Consultancy delivers uncompromising quality service with unyielding commitment to safety - worldwide. At DAC Consultancy, we consider health, safety, quality and protection of people and the environment to be integral parts of our business management. As such, DAC Consultancy encourages discourse with employees and stakeholders to ensure the achievement of our safety goals.
